

## Mounting Suggestions: 2013-2014 Yamaha Bolt Tank Bibs

### **Mounting of Mustang tank bib:**

1. Remove the gas cap from the gas tank.
2. Place the Mustang tank bib on the tank and align it around the hole for the gas cap. Replace the gas cap to keep the bib stable during the next step. (fig.1)
3. Pull the elastic cord around both sides of, and under, the bottom edges of the tank. The elastic cords should be threaded through the two loops at end, and will be hidden from view. (fig. 2)
